

You can rest easier, knowing that our core SNFs and your health care team have a shared commitment to your health and well-being and are working together for the best possible outcome.

Your team is there, every step of the way.

At a core SNF, you're more than just a patient. You're our member, and your Kaiser Permanente health care team wants to do everything possible to maximize your recovery.

- Your Kaiser Permanente health care team knows who you are and why you're there, before you even arrive. They'll answer any questions you may have.
- You're seen at least weekly by the Kaiser Permanente physician and the nurse practitioner. Your Kaiser Permanente case manager sees you even more often than that. Each one oversees a specialized part of your care.
- The Kaiser Permanente physician and nurse practitioner make sure that you stay on the road to recovery.
- Your Kaiser Permanente case manager is there for you to talk with, and to help you with your transition from the SNF once you're ready to be discharged.
